### Brief

The BBC TV Centre required a case prop for their brand new gameshow hosted by Jasper Carrot.

### Game Show Case

The Movement Control division at the BBC TV Centre called us in search of a case prop for their new Game Show being presented by Jasper Carrot. This isn't the first time The Case Company have been asked to help and they were delighted.

If you catch the beginning of the show as the titles start to roll, sure enough there's our case right next to Jasper himself!
