

It's a case of the environment!

Removable LD45 presentation foam trays

Peli 1700 waterproof case

Our Customer. TK Fuels

Their Customer:

Brief

They required a casing solution that would enable them to send the product to the customer and then replenish the cases with stock, once their customer had used all the product.

Cases Fuelled with Success

TK Fuels Ltd provides companies with the means to become more environmentally friendly, whilst also saving them money in fuel and other related costs.

TK Fuels produces a revolutionary solution which improves combustion efficiency through Molecular Xenogenic-fuel Technology.

We also provided sales presenter cases for their sales management team.
